

Good Faith Estimate of Expected Charges

You have the right to receive a written Good Faith Estimate explaining the expected cost of your healthcare services.

Under federal law, health care providers must provide a Good Faith Estimate to patients who are uninsured or who choose not to use their health insurance for services. The estimate will include the expected costs of services reasonably anticipated as part of your care.

You may request a Good Faith Estimate before scheduling a service. Keep a copy of your estimate for your records. If you receive a bill that is at least \$400 more than your Good Faith Estimate, you may have the right to dispute the charges.

For more information about your rights under the No Surprises Act and the dispute resolution process, visit www.cms.gov/nosurprises or call the No Surprises Help Desk at 1-800-985-3059.
